

## This Time Around

Luna

Ou spent the night  
In a steel hotel  
Where the birds whistled  
Where the birds whistled

You have to wonder  
What's goin' on  
And maybe this time  
You're overdrawn  
This time around  
The pressure's on

You hope for happiness  
Your hand are scarred  
I've seen your girl  
You think she's cute  
Don't make her crazy  
Don't make her sad  
The sky is painted  
Deep shade of blue  
I hope for happiness

This time around  
The pressure's on  
You hope for happiness  
Your hand are scarred
