

Knuckle Sandwich

Lunachicks

Don't wanna hear it
Don't wanna hear it
Don't wanna hear it
No no no no!

We had enough
We can see
If you had listened
You might have had one more chance!

Can't take it back now
Can't take it back now
Can't take it back now
No no no no
So watch your back now
So watch your back now
So watch your back now
Now now now now

We don't care
What you say
It's too late now
You should have thought before you spoke!

You had no rhyme or reason
To show us any disrespect
If you had any self-control
We might not be in this mess!
