

Pin Eye Woman 665

Lunachicks

Veins, scream for more needles
your a whore, do anything to get one in
to feel the warmth of this deadly pin
to be sick is pergatory
when your numb, your numb in all your glory
the pain would make you cease
to exist for peace of mind, you can't resist
anything to make it stop
the pains too great for you
gotta cop
someday aids will atke your being
but to the needle
you keep on fleeing
can't feel bad, wont give ya pity
"cause you chose a life thats shitty!
Chorus
Pin Eye Woman just one more fix
Pin Eye Woman, stop your turning trix!
you gotta have it
your sickly treat
you'll even sell your ass on the street
the first prick brings you sanity
your Pin Eye Woman vanity
floating high above your bones
think your as cool as the Rolling Stones!?!
