

I tried as best I could  
To grow up without blame  
To be proud of being a man  
To be proud of my name  
What power has changed my way?  
I can't escape from this maze  
I can't turn back the time  
Why am I going insane?  
I was born  
And a seer foretold my fate  
Words he said  
Were imbued with hate  
"you were born  
With black blood in your veins  
Your fate's  
To enslave the world in pain"  
What power has changed my way?  
I can't escape from this maze  
I can't turn back the time  
Why am I going insane?  
I tried to change that spell  
My wishes have faded away  
My life is a way to hell  
A few words changed my fate  
I was born  
And a seer foretold my fate  
Words he said  
Were imbued with hate  
"you were born  
With black blood in your veins  
Your fate's  
To enslave the world in pain"
