

## I'll Never Betray

Lunatic Gods

Mania - all people want the same  
Mania - for money they go insane

Money is all what's on your mind  
For money you're deaf, for money you're blind  
You are the boss, you respect no laws

If there is a change to gain more  
You fuck the rules, you act like a whore  
And you don't care about what people say

Asshole - my soul is not for sale  
Bastard - I won't be your next prey  
Fuck you - I don't listen to what you say  
Eat shit - for no money I will obey

Money - causing a mass insanity  
Money - destroying humanity  
Money - trying to lead astray  
Money - but I will never betray
