

Other Side

Lunik

On the other side
is another world
I adore
'cause a better world
I've never seen before

Clouds - I've just left behind
and I try
to keep them in my mind

It's dark - I've just left behind mistakes
a new task maybe waits
in another world

Fears - I've just left behind
and I'll try
to keep them in my mind

New grounds - I'm their pioneer
fatal armed
human's knowledge is my gear
