

Alien Lover

Luscious Jackson

Lightship lover
interplanetary other
sci-fi brother
if you are somewhere above us
airwave raver
cybercrazed savior
pest resistant, optimistic, send me a sign
I'm a low-meg rapper
fertile futuristic flapper
regenerating cells and
sending out spells

Hear me now/I'm an alien lover

I'm lovesick baby
for your saturnine behavior
heard your flavor
makes you come off even stranger
hear my whisper
when I tell you I'm your sister
Fly me first class
over to your pad

We're all rockin' it you should be rockin' it
bringin' it on til the break of dawn
if you're diggin' it/you should be singin' it
keep, keep on/so we're bringin' you all the fine
ladies/and we do like foolin' around/so bring
all your cats and your fanny packs/get up,
get up, get down
