Pretty little girl, she shines Knowing she is young, she smiles Happy just to be a prize Happy just to see his smile Silly little girl, she tries Thinking she is good and wise Doesn't recognize the lies Pouring from her lips, she sighs "This is so real It's what I feel I look in your eyes and lose myself" Silly little girl denies Ever understanding why Her face is full of sad surprise Every time she hears him cry "What do you feel When you're with me? I look in your eyes and see myself" But there's no connection Just his own reflection Isn't this the way you wanted me? (What do you mean?) In love with you (What do I feel?) Do anything (What do you mean?) For you She looked in his eyes to lose herself And when it falls apart, she cries Doesn't think to look inside She just covers up her eyes Doesn't see her own disguise And though she feels this sorrow It will fade tomorrow She'll pretend that this was really love (What do you mean?) She'll make their fall (What do I feel?) Seem beautiful (What do you mean?) She won't remember this at all (What do you mean?) She won't recall (What do I feel?) The truth at all (What do you mean?)

She wants to fall (What do I feel?)
