

## Last Night

Lush

And even in your darkest hour  
The recipe I cook for you  
Can release its latent power  
And make your body feel brand new

Can't you hear the music play?  
Being centre of what you want  
Try to leave the past behind  
Memories don't appeal

Ah-oh, all the things we said  
Ah-oh, all the things we did  
Ah-oh, all the things that passed  
Ah-oh, were satisfied

(Conversation)

Philip: So what, what was he like?

Melissa: We went out of the room, sat on the ... walked into the

bathroom/berth(?)... I don't remember anything else I had to say...

Philip: Well, that's...very well. They always say that. It's very moving.

You're not going to get away with it this time, that's for sure
