

## Shut Up

Lush

I can't seem to find the time to ponder  
I only think when I go for a wander

Life is too short  
I feel that I'm caught  
I can't go on  
Feeling like this

I close my mind to boring stuff that you say  
I'm cold and numb to things that you put my way

Its gone on too long  
I have to be strong  
My interest has gone long ago

I can't bear it when you start to moan  
'Cause night and day you're always on the phone  
Unaffected my houses not my home  
Why can't you just leave me alone?

Life is too short  
I feel that I'm caught  
I can't go on  
Feeling like this

I can't bear it when you start to moan  
'Cause night and day you're always on the phone  
Unaffected my houses not my home  
Why can't you just leave me alone?
