

## Undertow

Lush

So, you want to be alone  
Run and hide inside your home, home  
Watch you fall away from me  
Sinking into misery

Taste your smile and hold my hand  
Make you laugh and make you dance  
I remember this  
Everything was in our kiss

Sink my hands into the sea  
(Sink my hands into the sea)  
Reach your fingers up to me, me  
(Reach your fingers up to me)

Trust me one more time  
I can only try  
Throw yourself to me  
And I'll try to pull you free

Let me try to pull you free  
Let me try to pull you free  
Let me try to pull you free
