

## Gave It All

Luther Allison

You're one woman  
You are all I need  
I have a lot of fun now  
Tryin' to keep you pleased, Lord

Just remember I love you, baby  
I gave you what you need  
Anyway, darlin', I gave it all

There's no need  
You sittin' around cryin'  
Because you know  
Cryin' won't, no, ease your mind

So what can I do now, baby  
Tell me what can I say  
Anyway, darlin', I gave it all

Never worry  
I'm always follow your sign  
Oh, it hurts me so bad, yes, it do  
Every time I see you cry

So don't be a fool, baby  
Why can't you realize  
Here's a man who love you  
And don't you be surprised
