

Going Down

Luther Allison

I'm going down
Down, down, down, down, down

Going down
Down, down, down, down, down

My heart in my hands
My head laying all around

You see my woman, had to hurry home
See my woman yeah, had to hurry home

I'm going down, down
Down, down, down, down, down

Going down
Down, down, down, down, down

I'm going down, yeah
Down, down, down, down, down

My heart in my hands
And my head laying all around
