

Show Me A Reason

Luther Allison

Show me a reason to stay here baby
Show me a real reason to go
I said show me a reason to stay here babe
Show me a real reason to go
Ohh you're acting funny baby
You act just like you don't want me no more

I gonna take the day of baby
Stay home and get up into your head
Ohh sit down and talk to you baby
Try to understand every word you have to say
Ohh I think I done more for you baby
Then any man you every had
I need a reason woman

Oh it's my fault baby
Reason you me treat me the way you do
Ohh I'm gonna sit down with you baby
Maybe we can talk this thing through
Show me a reason to stay here baby
And show me a real reason you want me to go

Good bye baby
Ohh I think I should leave
Ohh I done my best for you baby
Now I know I can't keep you pleased
So show me a reason to stay here baby
Show me a real reason you want me to leave

I need a reason baby
You got me walking the floor darling
I think it's time for me to hit the door
I just want you to know one thing baby
Well I know I just can't take no more
