

What's Going On In My Home

Luther Allison

What's going on
In my home when I'm gone

What's going on
In my home when I'm gone

You can tell me now
Or you can tell me later on

One thing darling
You been doing me wrong
The bed is all messed up babe
Every time I come home

You can tell me now
Or you tell me later on
I wanna know baby

But tell me darling what I wanna know
Can you tell me honey
Can you tell me honey before I go, Awhh

I got the message
I know you ain't treating me right
When I come home from work honey
Do you know, things just don't look right, Awhh

What's going on
In my home when I'm gone

What's going on baby
In my home when I'm gone

You can tell me now
Baby listen or later on

I wanna know what's going on baby
