

# What's Going On In My Home

Luther Allison

What's going on  
In my home when I'm gone

What's going on  
In my home when I'm gone

You can tell me now  
Or you can tell me later on

One thing darling  
You been doing me wrong  
The bed is all messed up babe  
Every time I come home

You can tell me now  
Or you tell me later on  
I wanna know baby

But tell me darling what I wanna know  
Can you tell me honey  
Can you tell me honey before I go, Awhh

I got the message  
I know you ain't treating me right  
When I come home from work honey  
Do you know, things just don't look right, Awhh

What's going on  
In my home when I'm gone

What's going on baby  
In my home when I'm gone

You can tell me now  
Baby listen or later on

I wanna know what's going on baby
