

# Creepin'

Luther Vandross

It's gonna be tonight, yeah, yeah, yeah, yeah  
I can hear your singing, say you'll stay beside me  
Why must it be, you'll always be into my dreams, hey hey

Mmm, oh-oh-oh, huggin' and squeezin', huggin' and squeezin'  
Why must it be you're always creepin?  
Into my dreams? my, my, my dreams

When I sleep at night, baby, I feel these moments of ecstasy  
And when you sleep at night, baby  
I wonder do I creep into your dreams  
Or could it be I sleep alone in my fantasy

Oh, love is so amazing, guess you will be stayin?  
So let it be, you'll always be into my my sho? nuff dreams.

But nighttime is my right time dream  
Yeah, yeah, my, my, my, my dreamin?  
I can see you walking down the street  
You don't have to walk to creep into my sho? nuff dreams  
Yeah, drea-ea-ea-eams, yeah

Oh, into my dreams, nithtime is the time  
Yeah, my dreams, yeah into my dreams  
My, my, my, my, ah-ha, into my dreams  
Say it to me four times  
Whoah-hey, whoah-hey  
Whoah-hey, whoah-hey
