

# How Many Times Can We Say Goodbye

Luther Vandross

Here we are so close to the end now  
Still holding on and trying to pretend now  
Clinging to love we both know is dying  
We've tried and tried to find the solution  
But Darling  
All our dreams have been played out  
Still we go on hopelessly trying

How many times can we say good-bye  
How many times can we see love die  
How many times can we give it one more try  
Before we really say good-bye  
Good-bye

We're so in love but wrong for each other  
Each hurt that heals brings on another  
Both of us abusing  
Both of us using  
Darling  
It's time to stop pretending  
There's just no way to rewrite our ending  
We're caught in this game  
And we both know we're losing, but

How many times can we say good-bye  
How many times can we see love die  
How many times can we give it one more try  
Before we really say good-bye  
Good-bye  
Good-bye

How many times can we breakup and makeup  
Both of our hearts refusing to wake up  
Just can't go on and on  
Living a lie  
Though I'll always love you

How many times can we say good-bye  
How many times can we watch love die  
How many times can we give it one more try  
Before we really say good-bye  
Good-bye  
Bye-bye  
Good-bye  
Bye-bye

Good-bye
