

# Love the One You're With

Luther Vandross

If you're tired and confused  
And you don't remember who you're talking to  
Your concentration slips away  
Because your baby, sweetheart, sugar's so far away

And there's a rose in a fisted glove  
And the eagle flies with the dove  
And if you can't be with the one you love  
Honey, love the one you're with (that's right)  
Love the one you're with

Do do do do do do do do it  
Do do do do do do do do it  
Do do do do do do do do it

Turn your heartache right into joy  
She's a girl and you're a boy  
Get it together  
Make it tonight  
You aint gonna need any more advice

And there's a rose in a fisted glove  
And the eagle flies with the dove  
And if you can't be with the one you love  
Honey, love the one you're with (that's right)  
Love the one you're with

Gotta do something, the nights really jumping so love  
Don't mind the feeling, it's not like you're falling in love  
Hugging and kissing when you're love is missin love  
Can't do no harm if it's only one night and you're in  
My man, go ahead on  
Find somebogy, get somebody  
Love will still be right here when you get home  
For a night, get the love

The eagles flying with the dove  
And if you can't be in love  
With the one you love  
Just love the one you're with
