

Love the One You're With

Luther Vandross

If you're tired and confused
And you don't remember who you're talking to
Your concentration slips away
Because your baby, sweetheart, sugar's so far away

And there's a rose in a fisted glove
And the eagle flies with the dove
And if you can't be with the one you love
Honey, love the one you're with (that's right)
Love the one you're with

Do do do do do do do do it
Do do do do do do do do it
Do do do do do do do do it

Turn your heartache right into joy
She's a girl and you're a boy
Get it together
Make it tonight
You aint gonna need any more advice

And there's a rose in a fisted glove
And the eagle flies with the dove
And if you can't be with the one you love
Honey, love the one you're with (that's right)
Love the one you're with

Gotta do something, the nights really jumping so love
Don't mind the feeling, it's not like you're falling in love
Hugging and kissing when you're love is missin love
Can't do no harm if it's only one night and you're in
My man, go ahead on
Find somebogy, get somebody
Love will still be right here when you get home
For a night, get the love

The eagles flying with the dove
And if you can't be in love
With the one you love
Just love the one you're with
