Love the One You're With

Luther Vandross

If you're tired and confused
And you don't remember who you're talking to
Your concentration slips away
Because your baby, sweetheart, sugar's so far away

And there's a rose in a fisted glove
And the eagle flies with the dove
And if you can't be with the one you love
Honey, love the one you're with (that's right)
Love the one you're with

Do do do do do do do it Do do do do do do do it Do do do do do do do it

Turn your heartache right into joy She's a girl and you're a boy Get it together Make it tonight You aint gonna need any more advice

And there's a rose in a fisted glove
And the eagle flies with the dove
And if you can't be with the one you love
Honey, love the one you're with (that's right)
Love the one you're with

Gotta do something, the nights really jumping so love Don't mind the feeling, it's not like you're falling in love Hugging and kissing when you're love is missin love Can't do no harm if it's only one night and you're in My man, go ahead on Find somebogy, get somebody Love will still be right here when you get home For a night, get the love

The eagles flying with the dove And if you can't be in love With the one you love Just love the one you're with
