## **Take You Out**

## **Luther Vandross**

Yeah, yeah Here it is

She caught me by surprised I must say Cause I never have seen such a pretty face With such a warm and beautiful smile It wasn't hard for me to notice her style I was fascinated, surely She took my heart and held it for me I wouldn't let her get away Not until she heard me say

[1] - Excuse me miss
But what's your name
Where are you from and can I come
And possibly, can I take you out tonight

To a movie, to the park I'll have you home before it's dark So let me know, can I take you out tonight

Don't care if I get rejected At least then I won't regret it Regret the fact I missed the chance for romance At least I'll walk away knowing I tried my best and I'm going I'm going on with my day Cause at least she heard me say

[Repeat 1 (2x)]

That's why I had to come over And introduce myself to you Cause you're never gonna know Where you'll find love, oh yeah And hopefully I found it in you, yeah

[Repeat 1 till end]
