

# The Glow Of Love

Luther Vandross

Flower's bloomin', mornin' dew  
And the beauty seems to say  
It's a pleasure when you treasure  
All that's new and true and gay

Easy livin' and we're givin'  
What we know we're dreamin' of  
We are one havin' fun  
Walkin' in the glow of love

Walking, ooh, whoa, ho... oh... whoa...

Smilin' faces, goin' places  
It's a wonder, it's so clear  
By a fountain, climbin' mountains  
As we'll hold each other near

Sippin' wine, we try to find  
That special magic from above  
As we share our affair  
Talkin' in the glow of love

Oh, oh, ooh...  
In the glow of love  
Ooh... ooh... ooh...

(Here in glow of love) You're a shinin' star  
(Here in glow of love) No matter who you are  
(Here in glow of love) So I want to let you know you move me, yeah, yeah

(There is no better way to be) Hold me, caress me  
(I'm yours forever and a day) We are a sweet bouquet, ey, hey  
(Seasons for happiness are here) Can you feel it all around you  
(Reason we're filled with cheer is we'll imagine it in the glow of love)

Ooh... ooh... ooh... ooh... oh...  
Oh, yeah

Finding meaning while we're dreaming  
Of the splendor of it all  
We're surrounded and abound  
It's summer, winter, spring and fall

All the people meeting people  
Laughing, dancin' till the dawn  
And we'll always be like this  
Glowing in the glow of love

Hey, hey, hey, hey, hey  
In the glow of love  
Ooh... ooh... ooh...

(Here in glow of love) Gotta let you know you move me, yeah  
(Here in glow of love) You really, really do, yeah  
(Here in glow of love) I gotta let you know you move me, yeah  
(Here in glow of love) Oh, whoa, whoa

(There is no better way to be) Hold you, love you  
(I'm yours forever and a day) We are a sweet bouquet  
(Seasons for happiness are here) Happy we're so happy, yeah  
(Reason we're filled with cheer is we'll imagine it in the glow of love)

Never lonely with you only  
Time will always be our friend  
Reaching far to find a star  
Our destiny is heaven sent

Making on this lovin' tone  
We'll never part, the two of us  
We'll always reminisce  
Kissin' in the glow of love

In the glow of love

Flower's bloomin', mornin' dew  
And the beauty seems to say  
It's a pleasure when you treasure  
All that's new and true and gay

Easy livin' and we're givin'  
What we know we're dreamin' of  
We are one havin' fun  
Walkin' in the glow of love

Yeah... hey...
