

Stranded

Lutricia McNeal

I don't want to feel like I'm stranded

You left me all alone
I can't take it no more
I wish that you were here by my side
Cause I remember those days
When it wasn't our time
If I could right the wrong that I did
I would give it all to you
If you were here
I know you would too
I know you would too yeah

I don't want to feel like I'm stranded
Oh baby I don't want to be here alone
Cause I don't want to feel abandoned
But baby heaven is the place our love belongs

Now that I'm alone
And you walked away from me
I just don't want to live anymore
Anymore, anymore baby
I gave my life to you
like you gave your life to me
If only I could show what I mean
Cause I need you more than ever
If you were here
You would need me too
Don't want to be, don't want to be

I know I'll see you again some day
I'll be waiting for that all my life
All my life
I know that things would be the same again
I know some day I'll see you again
