Miss my Granny no one else in the world really understands me
Emotions grab me and I find myself on the plane to Miami
To feel that sunshine be closer to the water cry one more time
Sippin on Patron all my pain my worries are gone
Then my phone rings, should I pick it up and go back to reality
Or should I just stay - live in my fantasies one more day

Hmmm Hmmm Hmmm Hmmm Hmmm Hmmm (And if I die tonight it's alright)

Hmmm Hmmm Hmmm Hmmm Hmmm Hmmm (I'm gonna be alright it's alright)

Hmmm Hmmm Hmmm Hmmm Hmmm Hmmm (And if I die tonight it's alright)

Hmmm Hmmm Hmmm Hmmm Hmmm Hmmm (I'm gonna be alright it's alright)

Kiss my Granddad, no homo just know he's so sad
Lost his bestfriend and nobody saying I'm sorry is gonna help him
Feel like smokin, gotta get away from this heart that's broken
Drop top rollin' on my way to heaven or to hell which ever's open
Then my phone rings, should I pick it up and go back to reality
Or should I not move bury all my sorrows and nobody will know the full moon

Hmmm Hmmm Hmmm Hmmm Hmmm Hmmm (And if I die tonight it's alright)

Hmmm Hmmm Hmmm Hmmm Hmmm Hmmm (I'm gonna be alright it's alright)

Hmmm Hmmm Hmmm Hmmm Hmmm Hmmm (And if I die tonight it's alright)

Hmmm Hmmm Hmmm Hmmm Hmmm Hmmm (I'm gonna be alright it's alright)

Life is so confusing nothing makes sense at all
Why is it an enemy what am I doing wrong
Why am I hesitating, everybody's telling me to be patient
Why do I feel like time is wasting
Gotta figure out what God is saying
