

# I'll Always Love You

Lyfe Jennings

Never miss a good thing 'til it's gone  
I never meant to hurt you girl I was wrong  
I always knew that one day you'd move on with your life  
But I guess in the back of my mind  
I thought you would come home one more time  
I heard it through the grapevine you got a man  
they say he treats you good and he makes you laugh  
I'm happy for you baby and I ain't mad at you  
May all your kids do good in school  
And may all your dreams come true

I'll always love you  
I'll always care  
And girl you gotta know that  
I'll always love you girl  
And no matter where you are  
Know that my love is never far

A happy woman is worth her weight in gold  
Loneliness is good for the soul  
Expensive places, faces come and go  
But you only find your soul mate once  
And if you miss your chance you'll never find it again  
I can't complain I did this to myself  
You needed me and I wasn't there to help  
It breaks my heart to see you lovin' someone else  
I would give anything I own  
If I could just have my baby home
