

# I Wish

Lyfe Jennings

Man I'm so sick of people  
Talking about when you  
Well you know how when you break up and they go like  
Oh I wish you the best and everything  
No you don't  
Cause if you wished me the best  
You wouldn't have broke up with me in the first place man  
Man I'm just so tired of cats being fake  
Don't be fake with yourself man  
When you break up this is what you really need

Sitting here staring in the mirror  
Talking myself down  
I can't believe she did this  
I could kill her right now  
After all we've been through  
And after all this time  
She was the last person I expected to cross the line

And now my world is broken to pieces  
Why make promises when you never keep them  
Why buy a car when you don't plan to drive it?  
And why take my heart and break it with your letting go?

Girl I wish  
Oh girl I wish  
Nothing but bad luck  
Hope you never fall in love in life  
Girl I wish  
Oh girl I wish  
Nothing but bad luck  
Hope you get hit by a truck  
And die

'Cus after all this drama  
And after all this pain  
I put it on my mama, you'll never hurt me again  
Well I gotta admit it  
Man you had me fooled  
But the same thing you did  
Somebody will do to you

And you'll be wishing you never broke my heart  
I can't wait to see your face when it falls apart  
Why buy a car when you don't plan to drive it?  
And why take my heart and break it with your letting go?

Girl I wish  
Oh girl I wish  
Nothing but bad luck  
Hope you never fall in love in life  
Girl I wish  
Oh girl I wish  
Nothing but bad luck  
Hope you get hit by a truck  
And die

After all that drama  
And after all that pain  
This broken heart is the only thing that will remain  
And after all these years  
After all these tears

Girl I wish  
Oh girl I wish  
Nothing but bad luck  
Hope you never fall in love in life  
Girl I wish  
Oh girl I wish  
Nothing but bad luck  
Hope you get hit by a truck  
And die
