

# Keep On Dreaming

Lyfe Jennings

Look outside your window  
Tell me what you see  
Past all the flowers  
Beyond the trees  
Is it what you wanted?  
Your life to be  
Or is it what you  
Settle for  
Is it 'cause they laugh at you  
And talk about you too  
They talked about Jesus Christ  
What makes you think they won't talk about you  
No need to worry  
You are a star  
And you are perfect just the way you are

Keep on dreaming  
Keep on shining  
Keep on grinding  
Don't stop trying  
Keep on dreaming  
Keep on flowing  
Keep on growing  
Don't stop hoping  
Don't stop hoping

(Gwone) Walkin through the graveyard  
Shovel in your hand  
Rumors on the street are  
You just buried a man  
And he was really talented  
He just didn't get a chance  
And now his blood is  
On your hand  
Maybe you should dig him up  
Maybe you should not  
Maybe you should stop listening to your friends  
And listen to your heart  
It's nice to be famous  
It's nice to be a star  
But it's also nice to be just who you are

People say the craziest things  
Craziest things  
Twenty-five to life he done murdered his dreams  
Murdered his dreams  
Ummmhuh, ummmhuh, ummhuh
