

Let's Do This Right

Lyfe Jennings

This ones for my people locked up
Know we keep you in our prayers
and aint forgot about you out here
No
Call me whenever you feel
Cause I know a lot of folks don't keep it real
I know they got their own life but still
When you love someone you let them know
You don't let them go
It's hard enough being alone
Missing your family missing your home
Whether you're right or wrong I'll be by your side
Keeping your hope alive
I know how it feels to cry
So you aint alone in your struggle for life
To my people

Hold up, Lets do this right
First blaze one for all my fellas that aint here with us tonigh
t
hold up, lets do this right
first blaze one for all my fellas that aint here with us tonigh
t
some of them for life

Your kids doing just fine
The youngest, reminds me of you all the time
He even shoots that ugly jumper from the foul line like you do
and your girl she doin ok
but dont concern yourself with if she will or wont wait
You'll just drive yourself crazy with stuff you cant change
there's better ways to occupy your time
like opening up your mind
it's a troubling time out here
your kids need your guidance even from in there
and no matter when or where I wont abandon you
cause that aint what friends do
still got a lot of love
and I pray to God through my actions you'll know how much

To all my people who ain't coming home at all
There's many children who could learn from your experience
Have a heart get involved
And for all my people who gonna see the streets one more time
You got another chance at life
Count your blessings everynight
