

## Let's Do This Right

Lyfe Jennings

This ones for my people locked up  
Know we keep you in our prayers  
and aint forgot about you out here  
No  
Call me whenever you feel  
Cause I know a lot of folks don't keep it real  
I know they got their own life but still  
When you love someone you let them know  
You don't let them go  
It's hard enough being alone  
Missing your family missing your home  
Whether you're right or wrong I'll be by your side  
Keeping your hope alive  
I know how it feels to cry  
So you aint alone in your struggle for life  
To my people

Hold up, Lets do this right  
First blaze one for all my fellas that aint here with us tonigh  
t  
hold up, lets do this right  
first blaze one for all my fellas that aint here with us tonigh  
t  
some of them for life

Your kids doing just fine  
The youngest, reminds me of you all the time  
He even shoots that ugly jumper from the foul line like you do  
and your girl she doin ok  
but dont concern yourself with if she will or wont wait  
You'll just drive yourself crazy with stuff you cant change  
there's better ways to occupy your time  
like opening up your mind  
it's a troubling time out here  
your kids need your guidance even from in there  
and no matter when or where I wont abandon you  
cause that aint what friends do  
still got a lot of love  
and I pray to God through my actions you'll know how much

To all my people who ain't coming home at all  
There's many children who could learn from your experience  
Have a heart get involved  
And for all my people who gonna see the streets one more time  
You got another chance at life  
Count your blessings everynight
