

The Way I Feel About You

Lyfe Jennings

Well Hello
Hey! How you doin'
Haven't seen you in a while
Yep it's been a while
Girl I really missed that smile and that thing you do with your
tongue still drives me wild
(shreek) You silly
You gotta have some kids by now
Yea, I got a little girl
Heard yo brother just got out
Yea, 2 weeks ago. He's doin good too
Girl, I still get choked up when I think about, how this time d
one tore us apart
but you were never far from my mind or from my heart, girl you
know

You know the why I feel about you, You know the way I feel abou
t you, now and forever
So how's your sister
You know Brenda, she's cool
Heard she finally bought that house
It's little but it's her's
Bet that makes yo momma proud
Yea, yea, she's happy
To see all the hard work of raisin ya'll paid off
girl that's what I'm talkin' bout
So when you come back in town
maybe we can go somewhere and hang out
Yea, I'd like that
Cause no matter where you are in this world To me you'll always
be my girl, don't you see
