

# When It's Good

Lyfe Jennings

We go through our changes like  
Anybody else do  
But the difference is  
I love you enough to not judge you or rush  
Into premature decisions

'Cause if loving you is wrong  
I don't wanna be... wrong  
But this feeling is so strong  
It overrides what I want  
It makes me weak, it makes me see God more  
But your ways to handle the wars that we go through  
Instead of running out, shame on you

'Cause curiosity killed the cat  
But this old dog ain't having none of that  
When it's bad it's bad  
But...

When it's good  
Let me say that one more time  
I say... when it's good  
It's really, really good  
When it's good  
I said... when it's good  
It's really, really, really, really good

We're going through our ups and downs like  
Any other couple  
But the difference is  
I never been the one  
To get mad and run  
At the first sign of trouble

And if forgiving you is weak  
Then I guess that I'm weak  
Or maybe I'm just growing becoming better at showing you  
It's okay to make mistakes as long as  
You admit you were wrong  
And we can move on  
And let bygones be bygones

'Cause curiosity killed the cat  
But this old dog ain't having none of that  
When it's bad it's bad  
But...

When it's good  
Let me say that one more time  
When it's... when it's good  
Baby it's really good  
It's really, really good  
So good, so good  
Nothing's ever been this good
