

# Will I Ever

Lyfe Jennings

Does it feel like ya  
You're never gonna find it  
Does it feel like ya  
Always one step behind it  
Does it feel like ya  
Out in this world alone 'cause you been lookin and prayin for love so  
long  
Does it feel like ya  
Wishing on a falling star  
Does it feel like ya  
Lonely and it breaks your heart  
'Cause it feels like ya  
Ready to let down your guard  
Finding somebody's just so hard

How do you find the one you dream about (how do u find it yeah)  
If I knew I'd tell you how (swear to God swear to God)  
It's kinda hard for me to figure out (and I know you're ready to settle down)  
I know you're ready to settle down  
If there's a God above please tell me

Tell me will I ever fall in love  
Will I be alone forever  
Will I ever fall in love  
Or will I be alone forever

Does it feel like ya  
Moving too fast  
Does it feel like ya  
Want something you can't have  
Does it feel like ya  
Living in the past  
And the thought of going home alone again makes you sad  
Does it feel like ya  
Feeling so bad  
Does it feel like ya  
Getting so mad  
'Cause it feels like ya  
Just want someone to call  
To tell ya that you're human after all

To fall in love (I would do anything, anything)  
To fall in love  
To fall in love, love, love, love  
To fall in love  
To fall in love
