

## Get Some

Lykke Li

Don't pull your pants before I go down  
Don't turn away, this is my time  
Don't make demands, I don't take none  
Just say a prayer that it gon' get done  
Don't pull your pants before I go down  
Don't turn away, this is my time  
Like a shotgun needs an outcome  
I'm your prostitute, you gon' get some  
Like a shotgun needs an outcome  
I'm your prostitute, you gon' get some

Go ahead, go way low, where I can do no harm  
Go ahead, go way low in my honey lovin' arms  
Go ahead, go way low, where I can do no wrong  
Got you around my finger like a lonely lover's charm (like a lonely lover's charm)

And 'cause I can go, I'm gon' go west  
Just like a man, I'm the fortress  
Like a shotgun, I can't be outdone  
I'm your prostitute, you gon' get some  
Like a shotgun needs an outcome  
I'm your prostitute, you gon' get some

Go ahead, go way low, where I can do no harm  
Go ahead, go way low in my honey lovin' arms  
Go ahead, go way low, where I can do no wrong  
Got you around my finger like a lonely lover's charm

Go ahead, go  
Go ahead, go  
Go ahead, go  
Go ahead, go  
Go ahead, go!  
Go ahead, go  
Go ahead  
Eh!

Go ahead, go way low, where I can do no harm  
Go ahead, go way low in my honey lovin' arms  
Go ahead, go way low, where I can do no wrong  
Got you around my finger like a lonely lover's charm (like a lonely lover's charm)  
Like a lonely lover's charm
