

## I Know Places

Lykke Li

I know places we can go babe.  
I know places we can go babe.  
The high wont fade here babe.  
No, the high wont hurt here babe.

I know places we can go babe.  
I know places we can go babe.  
Where the highs wont bring you down babe.  
No, The highs wont hurt you there babe.

Don't ask me when, but ask me why.  
Don't ask me how, but ask me where.  
There is a road. There is a way.  
There is a place. There is a place.

I know places we can go babe  
Coming home. Come unfold babe.  
And, the high wont fade here babe.  
No, the high wont hurt here babe.

So,  
Come lay... And wait...  
Now wont you lay... and wait... Wait on me.

I know places we can go babe.  
Coming home. Come unfold babe.  
I know places we can go babe.  
Coming home. Come unfold babe.
