

Let It Fall

Lykke Li

So I weep
So I weep
So I weep
So I weep

In my weakest moments I weep
'Cause I like the way, tears fit my cheek
In my darkest moments I cry
Oh how I love the way, tears suits my face

I like it salt
I like it wet
Like my makeup in a mess
So I cry hard
Let it fall
And I won't stop until my tears all shed

So I weep
So I weep
So I weep
So I weep

In my joyous moments I moan
'Cause it feels so good when I let me water flow
Drip drop, and I cannot stop
Can't stop
I cry for you, cry for you
I cry because I cannot help it
So it runs, yes it falls
And ain't no stopping at all

I like it salt
I like it wet
Like my makeup in a mess
So I cry hard
Let it fall
And I won't stop until my tears all shed

So I weep
So I weep
So I weep
So I weep

Let it fall
