

## Let It Fall

Lykke Li

So I weep  
So I weep  
So I weep  
So I weep

In my weakest moments I weep  
'Cause I like the way, tears fit my cheek  
In my darkest moments I cry  
Oh how I love the way, tears suits my face

I like it salt  
I like it wet  
Like my makeup in a mess  
So I cry hard  
Let it fall  
And I won't stop until my tears all shed

So I weep  
So I weep  
So I weep  
So I weep

In my joyous moments I moan  
'Cause it feels so good when I let me water flow  
Drip drop, and I cannot stop  
Can't stop  
I cry for you, cry for you  
I cry because I cannot help it  
So it runs, yes it falls  
And ain't no stopping at all

I like it salt  
I like it wet  
Like my makeup in a mess  
So I cry hard  
Let it fall  
And I won't stop until my tears all shed

So I weep  
So I weep  
So I weep  
So I weep

Let it fall
