

# Cute As A Bug

Lyle Lovett

Interstate 610  
Highway 45  
A sun-drunk redneck  
Barely left me alive

That's when I saw her  
Singin' and laughin'  
Tryin' to pass me  
In a Volkswagen

She's as cute as a Bug  
Short as a minute  
She's a pretty little package with  
Everything in it  
I've said enough  
To praise God above  
I'm crazy in love  
She's as cute as a Bug

Playin' at the rodeo  
Lots of people I don't know  
Better ask around I guess  
And try to stay behind this mess

Mister, have you seen that car?  
Blowing like a hurricane  
I hope she hadn't gone too far  
I don't even know her name

She's as cute as a Bug  
Short as a minute  
She's a pretty little package with  
Everything in it  
I've said enough  
To praise God above  
I'm crazy in love  
She's as cute as a Bug

Heading up north I will  
Come through Huntsville  
Trinity and Palestine  
I'm going back to Tennessee

Lookin' through my windshield  
I can still see her  
Man, I got a bad case  
Of Volkswagen fever

She's as cute as a Bug  
Short as a minute  
She's a pretty little package with  
Everything in it  
I've said enough  
To praise God above  
I'm crazy in love  
She's as cute as a Bug

Cute as a Bug
