

# This Traveling Around

Lyle Lovett

And this traveling around  
It's gonna be the death of me  
And this traveling around  
It's gonna be the death of me

And this traveling around  
It's gonna be the death of me  
And this traveling around  
It's gonna be the death of me

Oh, the girl I love  
You know she got the best of me  
Oh, the girl I love  
You know she got the best of me

And this traveling around  
It's gonna be the death of me  
And this traveling around  
It's gonna be the death of me

So there's a great wide world  
Where it can have the best of me  
And this great wide world  
Where it can have the rest of me

And this traveling around  
It's gonna be the death of me  
And this traveling around  
It's gonna be the death of me

Now I'm a truck stop bound  
Maybe a smile will rescue me  
Now I'm a truck stop bound  
Maybe a smile will rescue me

And this traveling around  
It's gonna be the death of me  
And this traveling around  
It's gonna be the death of me

And that na na na  
It's so fast you cannot see  
And that na na na  
It's so fast you cannot see

And this traveling around  
It's gonna be the death of me  
And this traveling around  
It's gonna be the death of me

And I'd go back home  
If she cared enough for me  
And I'd go back home  
If she cared enough for me

And this traveling around  
It's gonna be the death of me

And this traveling around  
It's gonna be the death of me

And I'd change my ways  
If I knew how else to be  
And I'd change my ways  
If I knew how else to be

And this traveling around  
It's gonna be the death of me  
And this traveling around  
It's gonna be the death of me
