

Judgement

lynch.

Don't get me wrong
Can you embrace?
I will not move against my will

Now look straight ahead
You can take back what you give
There is no time to be afraid
I'll show you now
The truth of how we got this far
Make it stay forever in your heart

Saa ai to shiri ai to utae kimi wa honoo
Akaku yure dohade ni mau obienagara

Saa erebeba ii
Mirai mo kako mo nani mo ka mo wasurete

Kono uta wa "negai" fudou no sai wo

Judgement of myself

I may never know the answer to forever
But I'm alive and still singing here
All the scars we have shared
Will become part of our pride
That will change our future still to come

- open your eyes and see
- The flame surrounding you
- We're at the bottom now
- With darkness all around
- Hate will cloud my way
- Now I'll sing till death
- Fate this is the song of praise

Saa ai to shiri ai to utae kimi wa honoo
Akaku yure dohade ni mau obienagara

Saa erebeba ii
Mirai mo kako mo nani mo ka mo wasurete

Kono uta wa "negai" fudou no sai wo

Judgement of myself

Saa ai to shiri ai to utae kimi wa honoo
Akaku yure dohade ni mau obienagara

Saa erebeba ii
Mirai mo kako mo nani mo ka mo wasurete

Kono uta wa "negai" fudou no sai wo

Judgement of myself

Ai to shiri ai to utae

Don't get me wrong
Can you embrace?
I will not move against my will
