

# Until I Die

lynch.

Good bye to something shadow of days,  
I started again from me now

Kakugo wa mune no okufukaku

This is not a hardest way,  
But you gonna get out with your mind

Sā kono koe takaraka ni utae

I'm leaving for the last time  
However, I will singing

Yes, until the day I die

Nē kanashii hodo

until the day I die

Good bye to something shadow of days,  
I started again from me now

Kagayake mune no okufukaku

This is not a hardest way,  
But you gonna get out with your mind

Sā kono koe takaraka ni utae

I'm leaving for the last time  
However, I will singing

Yes, until the day I die

Nē koko ni iru yo

I'm leaving for the last time  
However, I will singing

Yes, until the day I die

Nē kanashii hodo

until the day I die

Mada utatte iru yo ne gai wa mirai ni sakihokoruto  
Naite iru ame wa yamu koto naku

I'm leaving for the last time  
However, I will singing

Yes, until the day I die

Nē kanashii hodo

until the day I die
