

# If All I Have To Do Is Just Love You

Lynn Anderson

I can't promise you sunshine and roses cause I'm too used to walking in the rain  
I can't tell a lie and say I'll make you happy cause I'm not sure that I can love again  
You paint pretty pictures but I can't live on dreams  
I tried before but none of them came true  
But if you want my heart then take it I'll be sure that we can make it  
If all I have to do is just love you  
If all I have to do is kiss you mornin' noon and night  
And listen to you tell me everything's gonna be all right  
I can't say forever when it might end today cause I've got memories I'm still clinging to  
But if you want my heart then take it I'll be sure that we can make it  
If all I have to do is just love you  
If all I have to do is just love you if all I have to do is just love you
