

## Sing About Love

Lynn Anderson

What's the most powerful thing in the world that everybody's always thinking of  
The whole world's built around it and nobody's happy until they found it  
If you don't know it by now I'm talkin' bout love

If love was a bell you can bet I'd be ringin' it  
If love was a song you can bet I'd be singin' it  
And I'd sing do do do do do do do do do yes I'd sing do do do do do do do do do  
Early in the mornin' or late at night when you've got love everything's alright  
You wanna go la la la la la la la la la La la la la la la la la la la  
la  
If love was a bell...  
You wanna sing la la la la sing about love
