

Spirit Of Christmas

Lynn Anderson

Oh hear the chimes ringing it's Christmas again
With tidies of peace and good will to of men
So greet every stranger and make him your friend for that is th
e spirit of Christmas
(Christmas time oh Christmas listen it's melting your heart)
This I know love must flow for love is the spirit of Christmas
In Bethlehem's manger in years long gone then
The Christ child was born so our love he might win
So open your heart out and let him come in for he is the spirit
nof Christmas
(Christmas time oh Christmas listen it's melting your heart)
This I know love must flow for love is the spirit of Christmas
Love is the spirit of Christmas
