

## Too Much Of You

Lynn Anderson

Too much of you still on my mind thinking of you almost all the  
time  
Missing you since you left me behind I've got too much of you s  
till on my mind

When you left I thought maybe it was best for we disagreed and  
quarreled all the time  
Now I'm not so sure I should have let you go  
For I've got too much of you still on my mind  
Too much of you...

Without thinking I let you walk away that was a big mistake now  
I find  
You're gone and now I know it's wrong this way  
I've got too much of you still on my mind
