

We Can Make It

Lynn Anderson

We can make it the world is rough but we can take it
Cause you're my shelter from the storm now I've got your love to
keep me warm now
No temptation can ever shake our love's foundation
We're strong enough to take it we can make it
Now we'll say goodbye to stormy weather
Safe within each other's arms we will spend our lives together
Love has found us and now its chain is wrapped around us
And no one can break it we can make it
Love has found us...
We can make it
