

## Blame It on a Sad Song

Lynyrd Skynyrd

Here I sit all by myself  
Wonderin' how she could put our love on a shelf  
A crowd of people, they pass me by  
But all I can do is hang my head and cry

(chorus)

Blame it on a sad song in the night  
I don't want anyone but you to make it right  
Blame it on a sad song in the night  
Well, it's an old familiar feelin'  
Girl, it's got my heart reelin'  
Don't want to hear a sad song in the night  
Anymore

I know when we first started out  
I was your only love and you had no doubt  
But songs of the heart don't last forever  
But don't you give up on love 'cause you never say never

Blame it on a sad song in the night  
I don't want anyone but you to make it right  
Blame it on a sad song in the night  
Well, it's an old familiar feelin'  
Girl, it's got my heart reelin'  
Don't want to hear a sad song in the night  
Anymore

'Cause not a day goes by that I don't think about you  
Oh, moment to moment, I get lost in time  
And many years from now when I hear that song come on the radio  
All those feelings will come back to haunt me  
My heart will let me know

Blame it on a sad song in the night  
I don't want anyone but you to make it right  
Blame it on a sad song in the night  
Well, it's an old familiar feelin'  
Girl, it's got my heart reelin'  
Don't want to hear a sad song anymore

Blame it on a sad song  
You can blame it on a sad song, baby  
Blame it on, blame it on a sad song
