

## Gotta Go

Lynyrd Skynyrd

I don't care who you are, baby  
Don't care about all the friends that you know  
And why you chose me  
Lord, sweet mama don't want to know

Can't tie me down, baby  
Don't bring me down  
Chains can't hold me, I gotta go

I don't want your money, baby  
Don't care for your fancy clothes  
And how you people live together  
I say Lord in Heaven only knows

Can't tie me down people, don't bring me down  
Oh the man can't stop me, I gotta go  
Gonna hit that road  
Buy me some coke

You can take all your charm, baby  
Yeah, sweet daddy knows where it goes  
Yes, it does  
You can tell your big sister, "Thanks a lot for the hole"

Can't tie me down, baby, don't bring me down  
Chains can't hold me, I gotta go  
Gonna hit that road  
I gotta go, don't hold me, baby
