

Honey Hole

Lynyrd Skynyrd

There's a little place down in Jackson County
Right off the river road
If you wanna take a ride to the end of the rainbow
Find yourself a pot of gold
Everybody asks me where I'm goin'
Yeah everybody wants to know
Your sister says she wants to come along with me
I know she really wants to go
Yeah I know she really wants to go

Down, Down, Down, Down
Down is where I wanna go
Down, Down, Down, Down
Down to the Honey Hole

If you wanna check it out on a hot summer night
Climb over the garden wall
Grab your little baby and hold her tight
Underneath the sugar falls
Underneath the sugar falls

Down, Down, Down, Down
Down is where I wanna go
Down, Down, Down, Down
To the Honey Hole
To the Honey Hole!

Sugarcane grows wild in the fields
Like corn sticky yellow sweet
Late at night you can hear 'em all buzzin'
Searchin' for the Queen bee
Callin' for the Queen bee

Down, Down, Down, Down
Down is where I wanna go
Down, Down, Down, Down
To the Honey Hole
To the Honey Hole!
To the Honey Hole
To the Honey Hole
To the Honey Hole
