

# Life's Twisted

Lynyrd Skynyrd

Just when you think you've got it figured out  
It comes along and hits you in the mouth  
You think your day can't get no worse  
Your Heaven falls and hits you where it hurts  
You wake up smilin' on a sunny day  
The clouds pour in and then it's pourin' rain

If you blink you'll miss it...  
'Cause life's twisted  
Like a black snake on a highway  
Like a flat tire on a Friday  
If you let it man - it's gonna kick your ass  
Life's twisted like a back road in the country  
Like a switch blade in an alley  
Let me tell you boy - you better watch your back  
Life's twisted like that  
Yeah Life's Twisted!

You build your dreams with your own two hands  
You find out life has other plans  
You think you finally found the one way out  
You're drivin' North but you're flyin' South

Sometime's you've gotta risk it  
'Cause life's twisted  
Like a black snake on a highway  
Like a flat tire on a Friday  
If you let it man - it's gonna kick your ass  
Life's twisted like a back road in the country  
Like a switch blade in an alley  
Let me tell you boy - you better watch your back

'Cause life's twisted like that  
Sometimes you've bend until you break  
Yeah  
But you can shake it off to fight another day  
You only get one time around  
DON'T LET IT SLIP AWAY!

Life's Twisted!
